## The CSA Program in Full Effect!

*Microgreens specialist, Nila Barja, showing the 9 types of microgreens we grow*

After months of perfection, we have revitalized our CSA Program! Community Supported Agriculture Programs (or CSAs) allow community members, families, restaurants, organizations, and individuals the opportunity to support the Terrace Foundation's mission to provide healthy, locally-grown produce to the community at large through memberships in a variety of CSA options. We are certified by the USDA, which helps us document the number of people we are serving annually.

*Joan receiving the Outstanding Leadership Award*

### Joan in Las Vegas!

Our Director of Business Development, Joan Curran, attended the Food 2.0 Conference in Las Vegas where she received an Outstanding Leadership Award in the Food and Beverage Industry.

The Food 2.0 conference is a 3-day event that brings together industry professionals in the food, beverage, nutrition, and wellness industries to spark dialogue, facilitate networking and collaborations, and expand frontiers of knowledge.

People were enamored that we are the first nonprofit in the COUNTRY that operates an urban farm in a low-income, senior-living community and we feed the residents with the produce we harvest.

# CSA Overview and Memberships

## How does it Work?

In order to purchase produce, seedlings, and meals from Pilgrim Terrace Cooperative Homes, you MUST become a CSA member. Prospective members will purchase a yearly membership and receive a membership card, giving access to purchase as you please. We offer four different types of CSAs mentioned below. Seasonally, produce is subject to change, so we will keep members updated on our "AVAILABLE PRODUCE" section. All purchases may be 100% tax-deductible and will be counted as part of your continued membership.

*Volunteer, Yoshiko, holding microgreens.*

### Single Membership- \$50 per year

The single membership is for individuals that would gain access to purchasing produce, seedings, and meals prepared at Pilgrim Terrace Cooperative Homes.

### Nonprofit/Charitable Org- \$100 per year

We have provided an inexpensive, affordable yearly price. Inquire with us on how much produce you would like to purchase, or receive our support in opening your own farm (10 or more towers).

### Family Membership- \$95 per year

It is similar to the singular Membership but they are limited to no more than 6 members. If you would like to add another member, it will be \$25 for each additional member to the yearly membership fee.

### Business Membership- \$250 per year

All purchases of goods and services from the Terrace Foundation are considered tax-deductible. We tailor your produce needs to your request and current usage. According to a 2021 Harvard University study, patrons are 77% more likely to initiate business with companies that give back to their community.

## **Welcome Avi!**

---

Our little Terrace Foundation family just got bigger! Avi is joining us as a farm crew member will works all aspects of the Farm. This includes cleaning towers, planting, checking ph levels in towers, watering, and more. When asked about what she likes about the Terrace so far, she stated that everyone has been so nice and welcoming. She loves being outside and providing food for people who really appreciate it. Avi is very interested with our Harvest to Plate method of growing produce, harvesting it, and eating it directly after. "It gives a lot of purpose to be able to have that right to get food right outside and bring it directly to the plate. It's is a unique and special thing."
