PHOTOS AROUND THE URBAN FARM

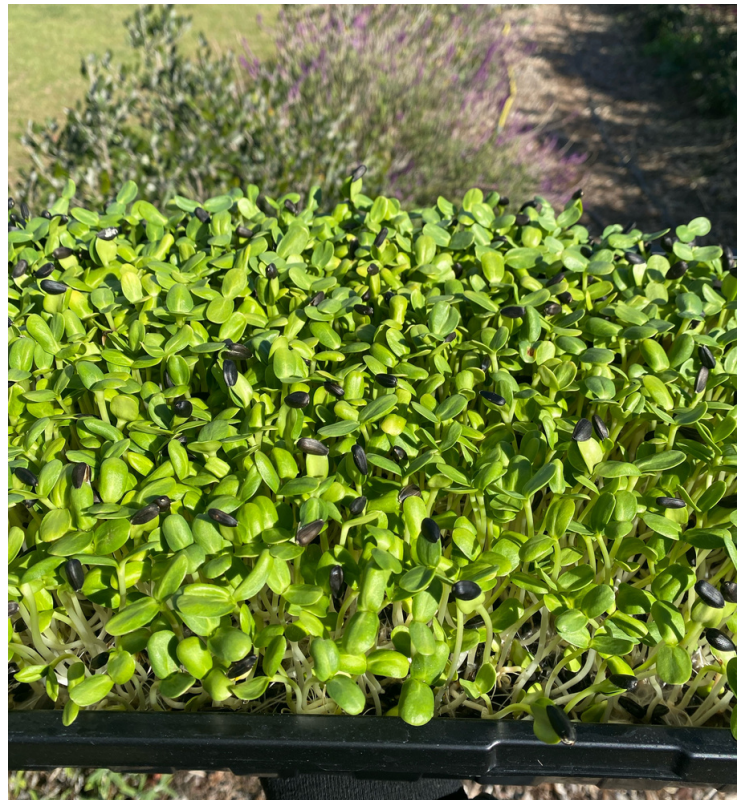

We have rotated our soil farm rows horizontally to grow more produce!

University of Georgia students visited the Urban Farm to learn about our farming systems!

Our newest Urban Farmer helping us transport product across the farm! (just kidding)

We are in abundance of our micro greens and are starting to create healthy micro green shots.

YOUR DONATION GOES TO...

Grow healthy leafy pesticide-free fruits and vegetables that will feed low-income seniors and people with disabilities in Santa Barbara.
