What's Happening At The Terrace Foundation?

Take a look back on what's happened this past month...

What's Been Growing in the Farm?

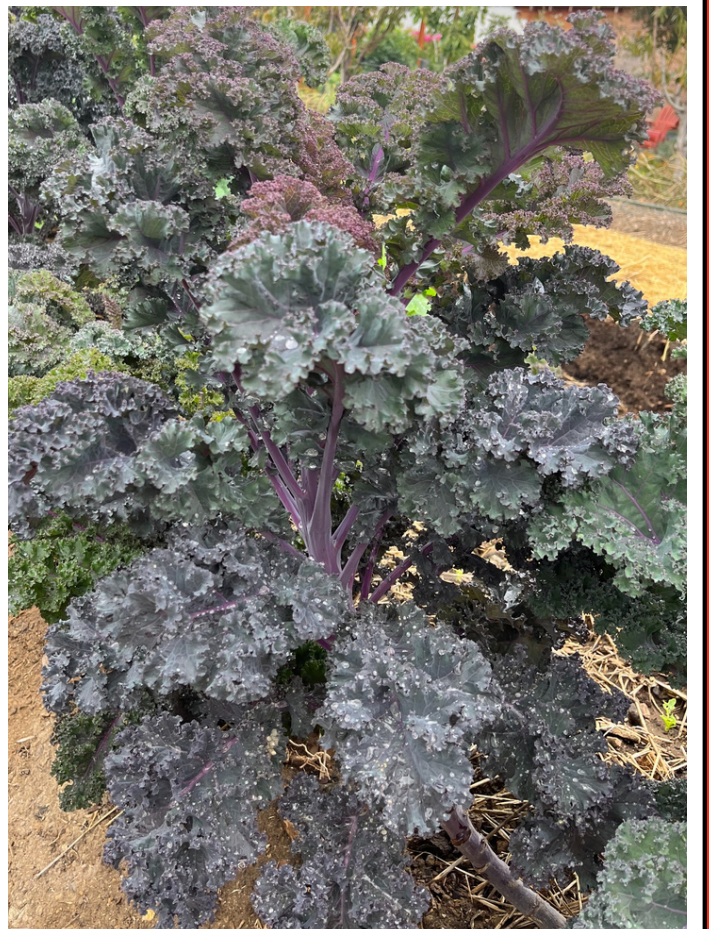

Chinese Eggplant

Snap Peas

Tomatoes and Chilies

Kale

Pumpkin Painting

Our residents at Pilgrim Terrace Cooperative Homes painted the Howden Pumpkins that were harvested! The event was facilitated by the Resident Services Coordinator, Jenn Skinner.

CSA Program is Growing!

The CSA membership, which is considered a donation, gives you access to purchase a farm share of bag of produce, seedlings, and a four-course meal. One of the main benefits of the program is that it is 100% tax deductible.

Farm Share Produce

Giving Tuesday is slowly approaching, November 29th. Your donation will help our nonprofit provide healthy, living produce for the community, feed low-income seniors and people with disabilities, in addition to educating children about nutrition.

CONVERTING TO ZERO PLASTIC

The Nonprofit has taken a stand to eliminate the use of plastic bags on November 1st. Residents and Community Supported Agriculture members must bring reusable bags for meal pick-ups and produce/farm share pick-ups. It's a small step towards a more positive future, and we appreciate your support in this critical matter.

- Today, we produce about 400 million tons of plastic waste every year.
- 85 percent ends up in landfills or as unregulated waste.
- It takes 1000 years for single-use plastic and styrofoam to decompose.
- Chemical additives such as endocrine disruptors, which are associated with negative health effects including cancers, birth defects and immune system suppression in humans and wildlife are found in plastic used to make bags.

Community Supported Agriculture Members receive a free, eco-friendly reusable bag upon arrival!

The time is NOW to rid plastic use before it's too late.
