What's Going On at Our Urban Farm?

Here are some photos of our Urban Farm growing systems!

Fresh, Living Aeroponic Produce

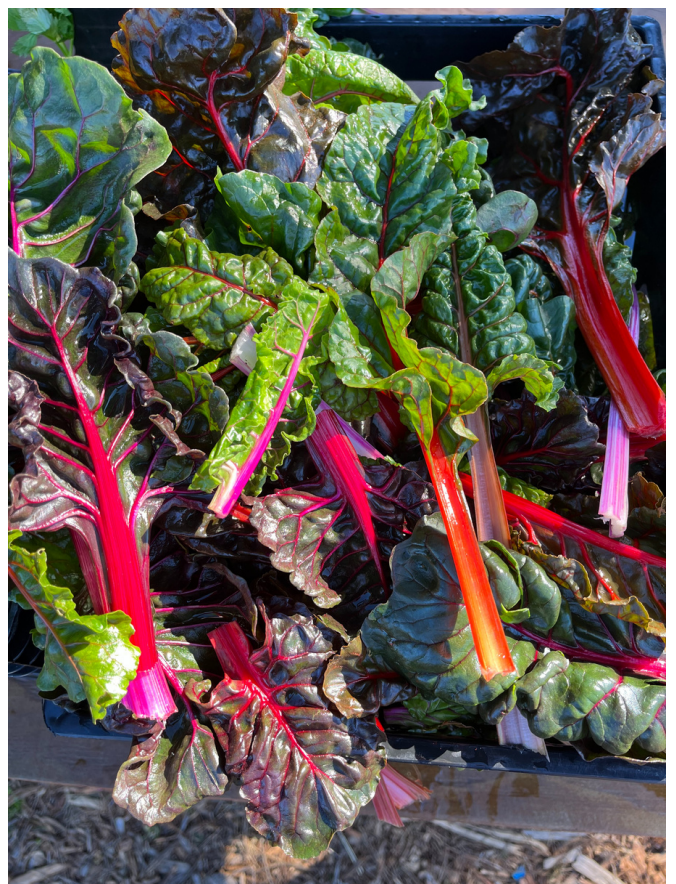

We grow LIVING PRODUCE. Members will receive the aeroponic produce with the root system still attached.

Vegetables straight from the Organic Soil Farm

Here are some photos of our weekly soil produce harvest! We are in abundance with tomatoes and potatoes!

Seedlings and Microgreens

Our seedlings and microgreens are grown on non-soil based fibers that reduce the amount of water used to nourish the plants.

Honey Straight from the Harvest

We operate 4 bee towers that are cared for by professional beekeeper, Laurie Rasmussen. We harvested over 22 quarts of honey!
